PROTECTION • SERVICE • INTEGRITY

Canada

Today

Difficulty accessing the data...

...and yet our service to Canadians depends on it

Our Plan

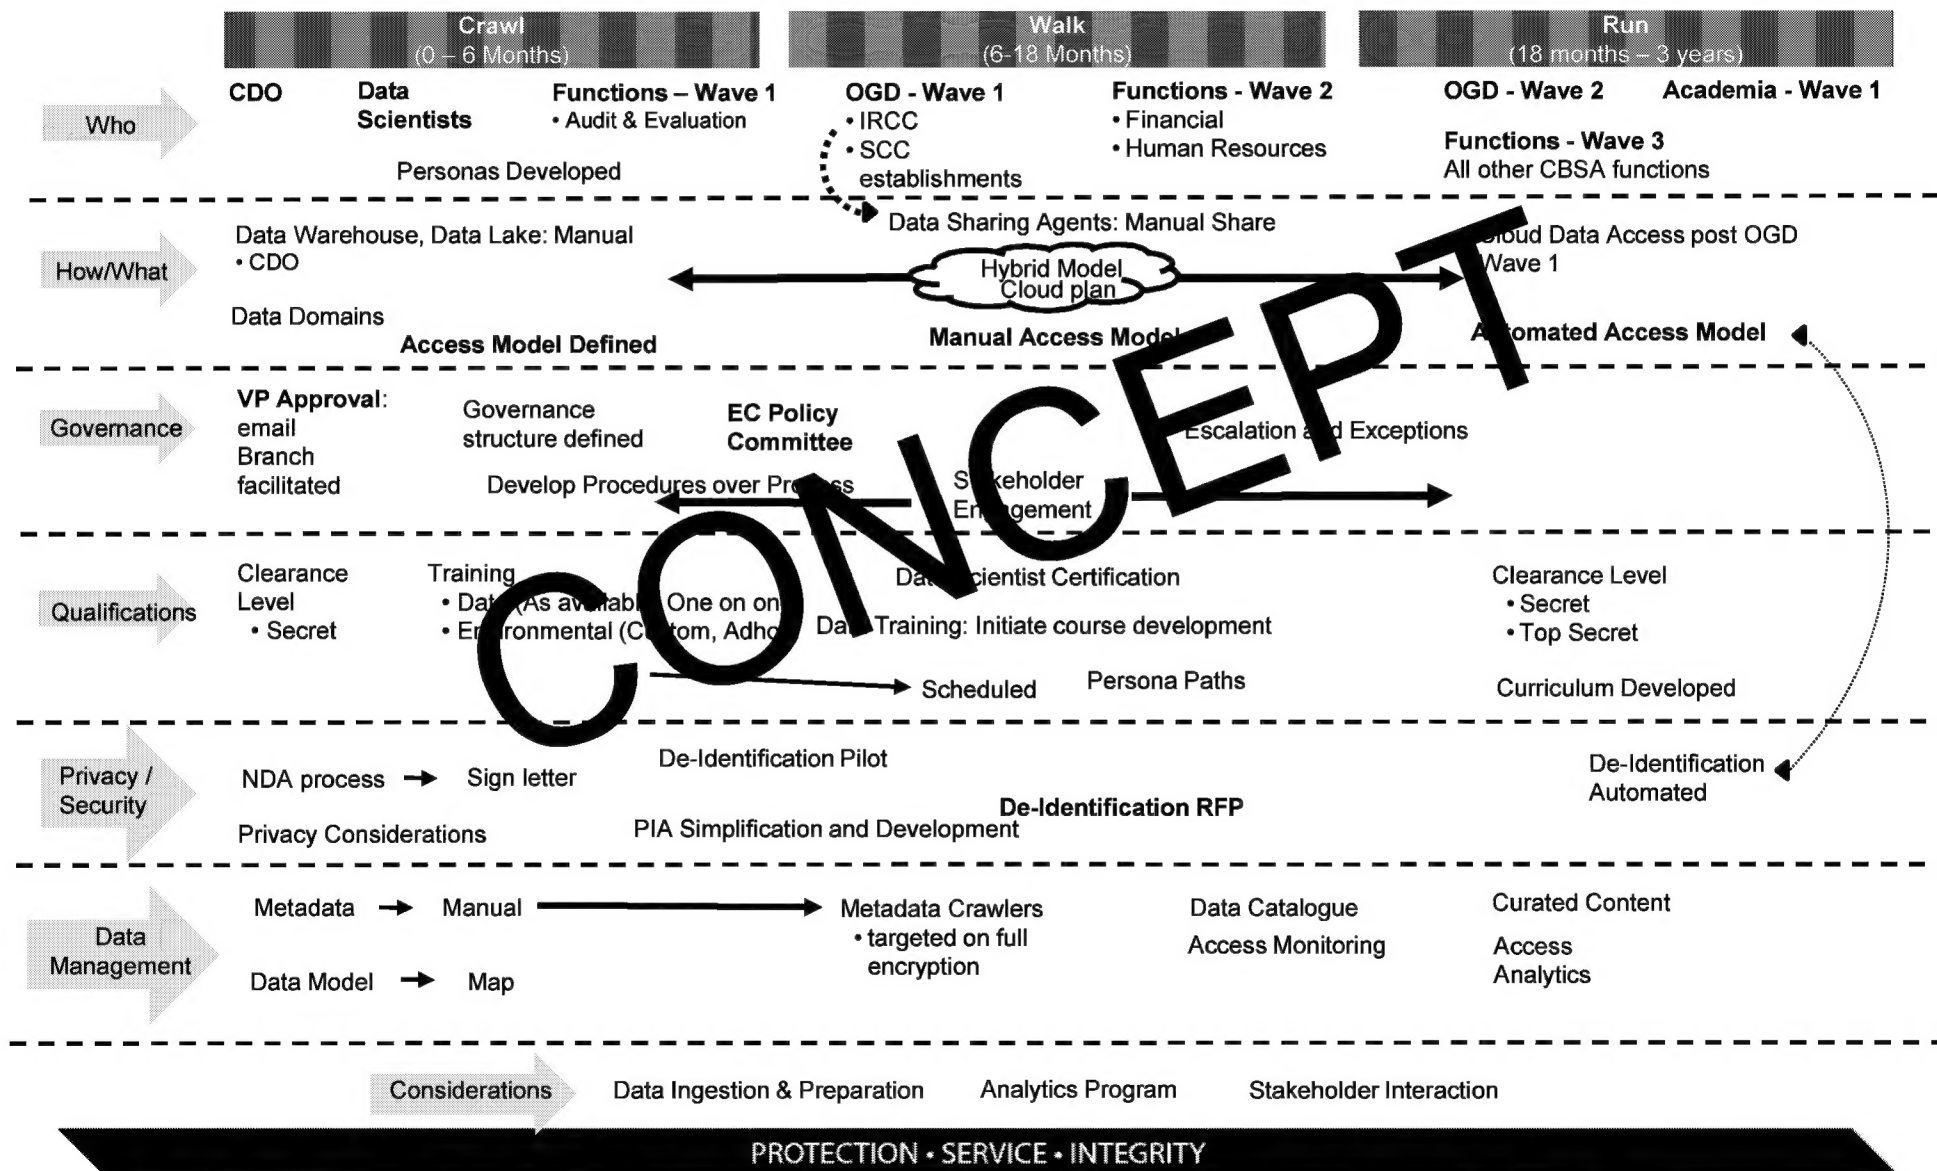

- Crawl – Walk – Run strategy
- Simplify data access process as we go
- Right data access procedures & guidelines
- Right-fit privacy & sensitivity protection
- Monitor data access & usage
- Improve data fluency

Use Data & Protect it

Enabling Data Access Roadmap

Enabling Data Access

Run

18 months +

Data access model defined for all CBSA functions

Automated access

Analytics on data usage

Walk

6 – 18 months

Streamline process

PIAs

Monitor & audit

Data fluency

Expand data access to other CBSA functions / Teams

Crawl

0 – 6 months

Provide access to CDO and Audit & Evaluation teams

Build audit capacity & procedures

Develop Personas

Endorsement

Immediate next steps

- Grant CDO access to Data Warehouse and Data Lake with new approach
- Audit and Evaluation access established (ROD needed today)
- Prepare procedure for access in the crawl phase
- Prepare communication for PO and VPOs to cascade
- Detailed work plan for Access incorporated into overall Data Strategy. Build in incremental work to augment foundations in the roadmap.
- Continually refine crawl / walk / run plan

Nimble and 'good enough' approach

A large, faint, and stylized version of the CBSA crest is visible in the background on the left side of the slide. It features a crown, a shield with a building and a ship, and a wreath.
